

THE UK'S LARGEST  
INDEPENDENT LIFT CONTROL  
PANEL MANUFACTURER

## EXTERNAL CAR TOP CONTROLS CTC600/10

The car top control provides the attending engineers full control of the lift car, disabling all car and landing calls as well as automatic door operation.

### ADVANTAGES

- Easily seen illuminated controls
- Pre-wired
- Colour-coded fascia
- Robust steel enclosure
- Vibration proof
- Complies to BS7255: 2012 and EN81-20
- Easy and quick maintenance

CTC 600/10

CTC 600/10/EL

### EN 81-20 COMPLIANT PIT TEST CONTROL

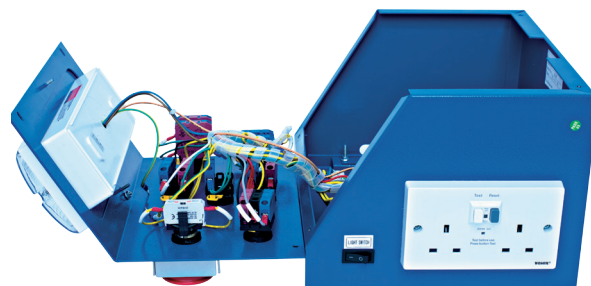

With the implementation of EN81-20/50 from August 2017, an integrated pit test control is to be housed in the pit area.

LCSL will include a fully compliant engineer's pit control with all EN81-20 standard control panels, providing a harmonised system.

### CAR TOP CONTROLS: CTC600/10

The CTC600/10 is a robust, cost effective, fully BS7255 & EN81-20 compliant car-top control. Engineer's alarm push, bulk head light fitting and RCCD power socket are included as standard.

The CTC600/10/EL emergency lighting unit includes all the features of the CTC600/10 plus a battery-backed lift well LED light fitting to provide additional shaft lighting.
